The annual conference of A. M. E. church, just closed at St. Joseph, denounced the use of tobacco in any form.

A TRAIN on the Southern Pacific railroad was held up and robbed, near Maricopa, Arizona, on the early morning of Oct. 1st. The reported booty was \$20,000. Only three men were engaged in the robbery. They accomplished the deed without firing a gun, neither was there a shot fired at them. It was a very quiet affair all the way through.

The grand jury of the criminal court in Washington, D. C., returned indictments last Monday against H. O. Havemeyer and John E. Searles, of New York, and Allen Lewis Seymour, of Seymour Brothers and Young, brokers, of Washington. These gentlemen are prominent members of the sugar trust combine, and we suspect their indictments have something to do with contributions made two years since to the Republican and Democratic campaign funds, through which it was their expectation to procure favorable legislation from whatever party was victorious.

We noticed in the Milan Standard that there occurred a wedding in that city last week, at which the Rev. E. V. Parr was the officiating minister. This is the gentleman who is the Populist candidate in this district for the state senate. Our's is a free country, all of her citizens, including the ministers of the gospel, have the right to vote or to be voted for. Yet every one seems to doubt the propriety of the "called of God" to turn aside from the ministration of the word to enter the political arena. Whenever a minister does this the next thing we may reasonably expect to hear from him is the preaching of a sermon in the defense of Judas Iscariot.

EDITOR A. S. Doak, of the Humphrey Leader, accompanied by his two daughters, took in the circus Thursday.—Trenton Tribune.

When we knew Brother Doak he was a Southern Methodist divine, and is yet. But Brother Doak is one of those of modern ideas, and is living in the advanced age of to-day and not with the "straight laced" and old fossils, who although sometimes living in glass houses, throw stones.—Brookfield Argus.

We expect if it had been revealed to Bro. Doak that he would be called "to shuffle off this mortal coil" the day of the circus, the Tribune would not have counted him among the attendants, no, not even to take the children that they might see the animals, and this for the reason that Brother Doak looks upon the circus as a bad place from which to make a start for heaven. Be careful Brother Green, of the Argus, that you don't "advance" too far on a dangerous road.
